# PAVING

Our refreshed collection of exterior stone and paving.  
Form meets function, outdoors.

Natural stone comes into its own outdoors. Our exterior collection brings together reclaimed materials, newly finished cobbles, low-impact clinkers and enduring limestone pavers, all suitable for outdoor application, all designed to age beautifully.

Proudly endorsed by The Royal Horticultural Society (RHS), our latest paving offering is a reflection of our commitment to surfaces that don't just look beautiful on day one, but are built to be lived with, season after season.

3. Alfriston Clergy

Tiles inspired by the properties, gardens, coastline and countryside cared for by the National Trust. Launched in 2021, the National Trust Tile Collection draws on the rich heritage and natural beauty of the UK. Featuring patterns and palettes drawn from historic homes and landscapes, each design reflects the charm of the past.

In 2024, we raised over £95k from sales of the collection; this money went directly to the National Trust, helping to support their good work.

Ornamento Scallop Trim

Design is in the detail.

Those final, thoughtful flourishes that bring balance, character and clarity to a space. From elegant borders and seamless skirting to decorative trims and timeless floor patterns, these are the finishing touches that turn a room into a story.

# FINISHING TOUCHES

Ornamento Trims

Architectural detail made effortless. Ornamento trims are crafted in the UK from a high-performance wood and resin composite, offering a smart, streamlined way to finish walls, doors and built-ins. Paintable, stainable, water-resistant and suitable for indoor or outdoor use.

Borderline Brilliant

There's something quietly powerful about a well-placed border. It gives structure, sets the tone and makes the whole space feel more intentional. Our Bespoke team can cut your chosen tiles to size in our workshop, so you get a precise, tailored finish every time.

Cabochoon Charm

A cabochoon floor brings instant heritage appeal. Think Parisian hallways, London townhouses and that ever classic contrast of light and dark. Formed by inserting a smaller tile between cut tile corners, it's a considered detail we love.

Smarter Skirting

Not just a neat edge, tile skirting is a design statement in itself. Sleek, streamlined and more durable than timber, it's made to stand up to daily life while elevating the overall look of the room. We offer skirting options across many of our ranges - or choose a bespoke option.

## THE COLLECTION

From exhibiting at the RHS Chelsea Flower Show and Clerkenwell Design Week to partnering with some of the UK's leading designers and studios, Ca' Pietra exists in dialogue with the wider design world. We believe creativity is collaborative and some of our best work has emerged from projects that blend our material knowledge with another's vision. These partnerships inspire what we do and are how we continue to evolve.
